Certificate of Correction Transmittal Letter

Dear Sir:

Enclosed is a Certificate of Correction to correct errors in the above-noted patent. These errors are due to the government printer and/or the PTO, and no fee is therefore believed due.

The Examiner, Mr. Joseph Martinez, called the undersigned in response to the 37 CFR 1.312 amendment filed February 16, 2005. He requested certain additional amendments to the claims to which applicants agreed. In particular, he objected to the term "consists of" in claim 1, in the 35 USC 1.312 amendment filed February 16, 2005 and made the same objection to the same term in claim 2, line 18, of the amendment. This change, while not appearing in the written record confirming the agreement, is implemented in the patent claims and this confirms the telephone conversation.

However, other changes were also agreed upon during that call and also do not appear in the written record. These changes, agreed to by the Examiner, were not implemented in the issued patent. These changes form the substance of the enclosed

Certificate of Correction. The Examiner has failed to implement all of the agreed to changes, thus the error is due to the PTO and not applicants.

If necessary, it is respectfully requested that the Examiner be consulted in regard to this matter to confirm that he did in fact agree to the corrections noted in the Certificate of Correction.

Since the error is that of the PTO, no fee is believed due. However, the Commissioner is authorized to charge any fee that might be due for this paper or credit any overpayments to deposit account no. 030678,

FIRST CLASS CERTIFICATE	
I hereby certify that this correspondence is being deposited today with the U.S. Postal Service as First Class Mail in an envelope addressed to:
